Indiana's Novel Coronavirus Response

The Indiana State Department of Health (ISDH) is closely monitoring a pandemic of the 2019 novel (new) coronavirus or COVID-19. This new respiratory virus was first identified in the city of Wuhan in China's Hubei Province and continues to infect people in China and around the world, including the United States.

On March 6, ISDH confirmed the first case of COVID-19 in a Hoosier with recent travel. On March 16, ISDH reported the first death in Indiana due to COVID-19. On May 18,

Indiana confirmed its first case of multisystem inflammatory syndrome in children (MIS-C) that has been associated with COVID-19.

The dashboard below will be updated daily with the most up-to-date case counts. Please click here for the most recent press releases related to COVID-19.

ISDH is working with federal and local partners, including the Centers for Disease Control and Prevention (CDC), to respond to this evolving public health situation.

Please consult this page for updated news and guidance on the COVID-19 outbreak. Updates will be made as new information becomes available. Please contact your healthcare provider if you experience symptoms such as fever, cough and shortness of breath and have a recent history of travel to areas affected by COVID-19 or contact with someone diagnosed with COVID-19.

General questions from the public or healthcare provider inquiries about COVID-19 may be directed to the ISDH COVID-19 Call Center at the **toll-free number: 877-826-0011 (8 a.m. to 5 p.m. daily)**

Updates from the CDC

There is an ongoing investigation to determine more about this outbreak. This is a rapidly evolving situation and information will be updated as it becomes available.

Child Care Resource and Referral changes

Every community has a Child Care Resource and Referral Agency (CCR&R) who can connect parents with local child care options and provide referrals for support.
