Substantial Gainful Activity

Automatic Determinations: SGA for blind SGA for non-blind disabled

Wage-indexed amounts

To be eligible for disability benefits, a person must be unable to engage in substantial gainful activity (SGA). A person who is earning more than a certain monthly amount (net of impairment-related work expenses) is ordinarily considered to be engaging in SGA. The amount of monthly earnings considered as SGA depends on the nature of a person's disability. The Social Security Act specifies a higher SGA amount for statutorily blind individuals; Federal regulations specify a lower SGA amount for non-blind individuals. Both SGA amounts generally change with changes in the national average wage index.

Amounts for 2015

The monthly SGA amount for statutorily blind individuals for 2015 is \$1820. For non-blind individuals, the monthly SGA amount for 2015 is \$1090. SGA for the blind does *not* apply to Supplemental Security Income (SSI) benefits, while SGA for the non-blind disabled applies to Social Security and SSI benefits. See historical series of SGA amounts below.

Trial work period

After a person becomes eligible for disability benefits, the person may attempt to return to the work force. As an incentive, we provide a *trial work period* in which a beneficiary may have earnings and still collect benefits.
