

On July 31, 2008 the North Township Trustee, Frank J. Mrvan held the 3rd Annual Social Services and Ministry summit. [Find out more](#) about that event and watch the speeches of Frank J. Mrvan and Isaac Randolph.

## Welcome to The Official Website of The North Township Trustee

We are a government agency serving the communities of East Chicago, Hammond, Highland, Munster and Whiting. North Township, located in Lake County, Indiana, is the 2nd largest of the 1,008 townships in the state.

Our primary function is to provide Township Assistance to the less fortunate. We do this through an extensive application process making sure the right people are getting the assistance needed. We also own and maintain The Hess Cemetery located in Hammond, Indiana. The North Township Trustee provides a free bus service, Dial-a-Ride, to all resident's living within the boundaries of the Township.

North Township owns and operates Wicker Memorial Park. Dedicated by President Calvin Coolidge on June 14, 1927 to the "doughboys" of World War 1, Wicker Memorial Park has become one of the most utilized parks in the Region. With an 18 hole golf course, 3 miles of trails, volleyball and tennis courts, a dog run, playground, picnic areas, banquet facilities and a recently added, one of a kind Splash Pad, Wicker Memorial Park has something to offer for all ages!

The North Township Trustee's Office prides itself on its mission statement:

*"To improve the quality of life by enhancing the health, safety, well-being and educational needs of North Township residents, through professional service that is effective, efficient and accountable."*
