Faith was born for a reason. I believe it was to first heal my family from so another mission - - *to help as many as possible*. Faith welcomes you with hugs and licks!

Faith is an incredible dog. She was born just before Christmas in 2002, an have her in our family just 3 short weeks later. She was born to a mother full blooded Chinese Chow Chow, along with several other siblings. Faith v with deformities, but because "Princess", her mother, was not our dog, we number of puppies she gave birth to. It is certain, however, that Faith was deformities to live.

Faith was rescued by my son Reuben on January 21, 2003, when he and f of Princess, jumped over the fence of the flea market area that Princess w isn't exactly the mothering kind. She was literally terminating Faith's life l instinctively that Faith was unable to battle the other puppies for a place t small, runtish, and mostly she was nearly dead. Reuben grabbed Faith out smuggled her under his jersey. He wore #63 for the Putnam City Pirates fi

When Reuben brought Faith to us she had 3 actual legs, but the left front placed backward, upside down, and it had more toes on it than normal dog when she was 7 months old when it began to atrophy. People ask me if it v NO! It was not easy, and it was not natural. It was SUPER natural, and the course, it took a little....Faith as well.

h Walks | New York City | publisher | Reality

HEY Everyone - - my agent has asked me to get 5000+ names and e-mail addresses "FAITH WALKS" when it comes out. You are NOT obligated to buy anything at the moment. We need 5000 names with verifiable e-mails so that the publishers know we have a way to get the book published fast - - there's at least 5000 of you out there NOW.

What I'm doing is collecting the e-mails, printing them up, and sending the big fat stack of names to my agent. This is a fun and efficient way to let the publishers know they aren't wasting money at the same time. This book is bound to be a Bestseller and when that happens everyone wins. I'm donating a portion of my earnings to help rescue animals in Faith's honor. Faith loves Faith and Faith deserves to have her story told.

FAITH WALKS is the definitive book on Faith. It's 100 pages, and is written by myself and my great co-writer Rudy Yuly out of Seattle, WA. I thought Rudy was going to cry when he met Faith last year. He's a softy. You'll love it. "Sparkle" when it comes out.

GO TO: www.faithwalksbook.weebly.com and see the one-page site explaining it.

Then send me an email from our [Contact Page](#) (make sure the "Show Support" button is checked) and leave me an e-mail saying you'll buy a copy of the book when it comes out. Then you can Facebook the link, Twitter it, put it on LinkedIn or other social networks, and appreciate it. SHARE Faith with the world!! THANK YOU in advance. You are awesome! We just need 5000 but I'd love to send the publisher boxes and boxes of people as soon as possible! If you would rather send the email yourself send it to [FaithWalk](#)

Thanks for your support! You can share this on Facebook, Twitter, Email, Digg et
