The Erie Promise

To deliver quality health care to Chicago's medically underserved communities with compassion and respect.

To serve our patients in an environment that is warm, welcoming and comfortable.

To promote wellness through health education and preventive care, so that our patients can lead healthier, happier lives.

About Erie

Since 1957, when the Erie Family Health Center was first established as a volunteer clinic by doctors from Northwestern Memorial Hospital, it has been Erie's mission to ensure that all Chicagoans have access to high quality, culturally sensitive, bilingual health care services — regardless of their ability to pay. Today, Erie serves over 33,000 patients annually at nine sites, including three school-based health centers, a teen health center and two oral health centers.

"Every human being has a right to the best health care that modern medicine can provide."

Dr. Lee Francis, MD, MPH
President and CEO

Our Mission

At Erie Family Health Center, we believe health care is a right, not a privilege. Our mission is to provide accessible, affordable and high quality health care for those in need.

Did you know?

More than 1.8 million Illinois residents do not have adequate health care coverage — and 1.3 million uninsured or underinsured individuals live in the Chicago metro area. Erie Family Health Center provides high quality medical, behavioral and dental services for approximately 33,000 uninsured and underinsured Chicagoans each year.

Erie is committed to the transparency in regards to our financial standing. Erie will be happy to share our most recent financial audit with you. Please email info@eriefamilyhealth.org to receive your copy today.
