## Brewers Almanac

For over 60 years, Beer Industry data has been collected and maintained by the Beer Institute and predecessor organizations such as the US Brewer's Association and Brewer's Foundation.

### [Brewers Almanac 2011](#)

Download an Excel file version of the most recent (June 2011) version of the Beer Institute's Brewer's Almanac. The Almanac has a wide range of statistical information including production, taxpaid withdrawals, state shipments of beer, wine and spirits, tax collection, apparent consumption (total, state-by-state and per capita), agricultural statistics, imports and exports, financial statistics, employment, excise tax rates and methods of collection, draught/package trends.

### [Brewers Almanac, 1944](#)

Take a look back at some selected tables from the 1944 Brewer's Almanac published by the United States Brewers Foundation.
