

SERVICES: MAXIMIZING HUMAN POTENTIAL

Each of us is born with a unique spark — the qualities and inclinations that make us who we are. We have different abilities, personalities, strengths and weaknesses. It is up to us to decide how to make the most of what we are given. But sometimes we need help for that to happen. AWS exists for that very purpose.

AWS believes that life is far too precious not to be lived in full. That's why we offer a wide range of services to help people of all ages with disabilities explore and enjoy life. From finding a job to finding a place to live, making friends to exploring one's community, we are about maximizing human potential.
