Buffalo jerky is hard to find, at least here on the East coast so I was excited to see that Swanson's have it available. In two words it is: tender, delicious. I ordered one pack to try it, and since have ordered several more. Try it, you will like it! "</p> <p>Was this review helpful to you? Yes No (Report Inappropriate Review)</p>

This is a very tasty jerky. I gave a four star for quality because I wish it was organic. This is one of the products I will buy even if it is not organic because my husband works out in very hot sun. His health is important to me. He loves buffalo and he needs to eat. It also contains some soy - which is okay IF it is non-GMO soy, but the label doesn't seem to say if it is or not. We were very disappointed with this product and will not order it again, as my husband and I are very health-conscious.
