

INSTRUCTIONS FOR PREPARING CASE MANAGEMENT PLAN

The following provisions apply to civil cases filed in the United States District Court for the Southern District of Indiana that are not exempt from filing a Case Management Plan ("CMP") under Local Rule 16-1.

Special Instructions For Pro Se Parties

Any party who is not represented by counsel (known as a pro se party) and who is not incarcerated may participate fully in the preparation of the CMP. Alternatively, however, non-incarcerated pro se parties may simply mail a letter containing that party's complete name, address, telephone number, and a summary of the case that includes only the main or major facts. This letter must be mailed to all opposing counsel (or parties, if unrepresented) within 70 days from the date that the case was filed or removed to this Court. Pro se parties may obtain the names and addresses of counsel for opposing parties by calling the clerk's office at 317-229-3700 or conducting a case search on the Court's webpage at www.insd.uscourts.gov. Counsel for opposing parties shall then incorporate the information from the pro se party's letter, timely sign and submit the CMP to the Court, and serve a copy on the pro se party.

General Instructions For All Cases

Unless the plaintiff is pro se, counsel for plaintiff shall be responsible for coordinating timely completion of the CMP. The deadline for filing the CMP is 90 days from the date the case was filed or removed. The deadline for filing the CMP shall not be extended without written motion which establishes good cause to extend the deadline. Regardless of the status of the CMP, the parties are free to engage in discovery in compliance with the Federal Rules of Civil Procedure and Local Rules of this Court.

The calculation of all deadlines for the CMP is based on the "Anchor Date," which means the date that the case was filed or removed to the Court. Because all CMP deadlines are linked to the Anchor Date, plaintiffs must promptly effectuate service on all defendants. The Court may entertain requests from defendants to modify/lengthen all CMP deadlines if service is not made promptly.

Depending on the type of case, the Anchor Date is used to calculate certain deadlines that will govern pretrial management. Please note, however, that the parties are encouraged to shorten these time frames in appropriate cases so that the case may be scheduled for trial more quickly than the outer deadlines otherwise applicable.

The use of the term "months" for calculating the dates (rather than counting days) is for ease of calculation. Thus, for example, if the Anchor Date is the 20th of the month, most of CMP deadlines will fall on the 20th of the respective months regardless of how many days comprise the intervening months.

District Judges and Magistrate Judges regularly receive documents filed by all parties. Therefore, parties shall not bring "courtesy copies" to any chambers unless specifically directed

to do so by the Court. In accordance with Local Rule 26-2, discovery papers are not ordinarily filed with the Court.

In addition to those conferences required by Local Rule 37-1, counsel are encouraged to hold informal conferences in person or by phone to resolve any disputes involving non-dispositive issues that may otherwise require submission of a motion to the Court. This requirement does not apply to cases involving pro se parties. Therefore, prior to filing any non-dispositive motion (including motions for extension of time), the moving party must contact opposing counsel to determine whether there is an objection to any non-dispositive motion (including motions for extension of time), and state in the motion whether opposing counsel objects to the motion. If an objection cannot be resolved by counsel, the opposing counsel's position shall be stated within the motion. The motion should also indicate whether opposing counsel plans to file a written objection to the motion and the date by which the Court can expect to receive the objection (within the time limits set in Local Rule 7-1). If after a reasonable effort, opposing counsel cannot be reached, the moving party shall recite in the motion the dates and times that messages were left for opposing counsel.

P. 26(a)(1)(E) permits the parties to object to making initial disclosures or to stipulate to a different deadline for making such disclosures based upon the circumstances of the action. If any objection and/or stipulation is made to initial disclosures in the CMP, the parties shall briefly state the circumstances justifying their respective positions.

C. Defendant(s) shall file preliminary witness and exhibit lists on or before [no later than 6 months from Anchor Date].

P. 26(a)(2) on or before [30 days after Plaintiff(s) serves its expert witness disclosure]; or if Plaintiff has disclosed no experts, Defendant(s) shall make its expert disclosure on or before [no later than 14 months from Anchor Date].

G. If a party intends to use expert testimony in connection with a motion for summary judgment to be filed by that party, such expert disclosures must be served on opposing counsel no later than 60 days prior to the dispositive motion deadline. If such expert disclosures are filed the parties shall confer within 7 days to stipulate to a date for responsive disclosures (if any) and completion of expert discovery necessary for efficient resolution of the anticipated motion for summary judgment. The parties shall make good faith efforts to avoid requesting enlargements of the dispositive motions deadline and related briefing deadlines. Any proposed modifications of the CMP deadlines or briefing schedule must be approved by the court.

H. Any party who wishes to limit or preclude expert testimony at trial shall file any such objections no later than _____ [60 days before trial]. Any party who wishes to preclude expert witness testimony at the summary judgment stage shall file any such objections with their responsive brief within the briefing schedule established by Local Rule 56-1.

I. All parties shall file and serve their final witness and exhibit lists on or before _____ [no later than 14 months from Anchor Date].

J. Any party who believes that bifurcation of discovery and/or trial is appropriate with respect to any issue or claim shall notify the Court as soon as practicable.

K. Discovery of electronically stored information (“ESI”). If either party is seeking the production of a substantial volume of ESI, then complete the [ESI Supplement to the Report of the Parties’ Planning Meeting](#) (also available in MS Word on the court’s website at www.insd.uscourts.gov/Judges/CMP_info.htm.)

If the parties believe that a substantial volume of ESI will not be produced in the case, the parties should include herein a brief description of the information anticipated to be sought in discovery in the case and include (1) the parties’ agreement regarding the format in which ESI will be produced (including whether the production will include metadata), (2) a description of any other issues the parties believe may be relevant to

discovery in the case, and (3) either the following claw back provision or the language of any alternative provision being proposed:

In the event that a document protected by the attorney-client privilege, the attorney work product doctrine or other applicable privilege or protection is unintentionally produced by any party to this proceeding, the producing party may request that the document be returned. In the event that such a request is made, all parties to the litigation and their counsel shall promptly return all copies of the document in their possession, custody, or control to the producing party and shall not retain or make any copies of the document or any documents derived from such document. The producing party shall promptly identify the returned document on a privilege log. The unintentional disclosure of a privileged or otherwise protected document shall not constitute a waiver of the privilege or protection with respect to that document or any other documents involving the same or similar subject matter.

IV. Discovery¹ and Dispositive Motions

Due to the time and expense involved in conducting expert witness depositions and other discovery, as well as preparing and resolving dispositive motions, the Court requires counsel to use the CMP as an opportunity to seriously explore whether this case is appropriate for such motions (including specifically motions for summary judgment), whether expert witnesses will be needed, and how long discovery should continue. To this end, counsel must select the track set forth below that they believe best suits this case. If the parties are unable to agree on a track, the parties must: (1) state this fact in the CMP where indicated below; (2) indicate which track each counsel believes is most appropriate; and (3) provide a brief statement supporting the reasons for the track each counsel believes is most appropriate. If the parties are unable to agree on a track, the Court will pick the track it finds most appropriate, based upon the contents of the CMP or, if necessary, after receiving additional input at an initial pretrial conference.

A. Does any party believe that this case may be appropriate for summary judgment or other dispositive motion? If yes, the party(ies) that expect to file such a motion must provide a brief statement of the factual and/or legal basis for such a motion. [Note: A

¹The term “completed,” as used in Section IV.B, means that counsel must serve their discovery requests in sufficient time to receive responses before this deadline. Counsel may not serve discovery requests within the 30-day period before this deadline unless they seek leave of Court to serve a belated request and show good cause for the same. In such event, the proposed belated discovery request shall be filed with the motion, and the opposing party will receive it with service of the motion but need not respond to the same until such time as the Court grants the motion.

statement such as, "Defendant will seek summary judgment because no material facts are in dispute," is insufficient. Such a statement does not indicate to the Court that the parties used the CMP as an opportunity to seriously explore whether this case is appropriate for summary judgment or other dispositive motion. However, the failure to set forth a basis for a dispositive motion in the CMP will not bar a party from raising this argument at the motions stage.]

B. Select the track that best suits this case:

_____ Track 1: No dispositive motions are anticipated. All discovery shall be completed by _____ [no later than 16 months from Anchor Date]. [Note: Given that no dispositive motions are anticipated, the parties should consider accelerating discovery and other pretrial deadlines to the extent practicable and suggest a trial date (Section VI) substantially earlier than the presumptive trial date of 18 months from the Anchor Date. The Court encourages a track faster than the standard track in all cases in which dispositive motions are not anticipated].

_____ Track 2: Dispositive motions are expected and shall be filed by _____ [no later than 11 months from Anchor Date]; non-expert witness discovery and discovery relating to liability issues shall be completed by _____ [no later than 7-10 months from Anchor Date]; expert witness discovery and discovery relating to damages shall be completed by _____ [no later than 12-16 months from Anchor Date]. [Note: The Court expects this will be the typical track when dispositive motions are anticipated.]

_____ Track 3: Dispositive motions are expected and shall be filed no later than _____ [no later than 11 months from Anchor Date]; expert witness discovery that may be necessary at the dispositive motions stage shall be completed by _____ [no later than 7-10 months from Anchor Date]; all remaining discovery shall be completed by _____ [no later than 12-16 months from Anchor Date]. [Note: The Court expects that this will not be the typical track when dispositive motions are anticipated.]

_____ Track 4: Dispositive motions shall be filed by _____ [not later than 13 months from the Anchor Date]; non-expert discovery shall be completed by _____; expert witness discovery shall be completed by _____. [Note: The Court provides Track 4 as an open option because it recognizes that there may be unusual cases for which special circumstances necessitate additional flexibility. However, the Court has found that Tracks 1-3 are appropriate in the large majority of cases, and therefore the parties must briefly state below the special circumstances justifying a departure from Tracks 1-3.]

Absent leave of court, and for good cause shown, all issues raised on summary judgment under Fed. R. Civ. P. 56 must be raised by a party in a single motion.

V. Pre-Trial/Settlement Conferences

Indicate here whether any of the parties deem it helpful to hold an initial conference with the Magistrate Judge or District Judge, and if so, the suggested timing and forum (i.e., in person or by telephone) of such a conference. At any time, any party may call the Judge's Staff to request a conference, or the Court may sua sponte schedule a conference at any time.

VI. Trial Date

The presumptive trial date is 18 months from the Anchor Date. The parties request a trial date in month/year. The trial is by _____ [Court or jury] and is anticipated to take _____ hours/days. Counsel should indicate here the reasons that a shorter or longer track is appropriate. While all dates herein must be initially scheduled to match the presumptive trial date, if the Court agrees that a different track is appropriate, the case management order approving the CMP plan will indicate the number of months by which all or certain deadlines will be extended to match the track approved by the Court.

VII. Referral to Magistrate Judge

At this time, all parties _____ [do/do not] consent to refer this matter to the currently assigned Magistrate Judge pursuant to 28 U.S.C. 636(b) and Federal Rules of Civil Procedure 73 for all further proceedings including trial. [Indicating the parties' consent in this paragraph may result in this matter being referred to the currently assigned Magistrate Judge for all further proceedings, including trial. It is not necessary to file a separate consent. Should this case be reassigned to another Magistrate Judge, any attorney or party of record may object within 30 days of such reassignment. If no objection is filed, the consent will remain in effect.]

VIII. Required Pre-Trial Preparation

A. TWO WEEKS BEFORE THE FINAL PRETRIAL CONFERENCE, the parties shall:

1. File a list of witnesses who are expected to be called to testify at trial.
2. Number in sequential order all exhibits, including graphs, charts and the like, that will be used during the trial. Provide the Court with a list of these exhibits, including a description of each exhibit and the identifying designation. Make the original exhibits available for inspection by opposing counsel. Stipulations as to the authenticity and admissibility of exhibits are encouraged to the greatest extent possible.

3. Submit all stipulations of facts in writing to the Court. Stipulations are always encouraged so that at trial, counsel can concentrate on relevant contested facts.
4. A party who intends to offer any depositions into evidence during the party's case in chief shall prepare and file with the Court and copy to all opposing parties either:
 - a. brief written summaries of the relevant facts in the depositions that will be offered. (Because such a summary will be used in lieu of the actual deposition testimony to eliminate time reading depositions in a question and answer format, this is strongly encouraged.); or
 - b. if a summary is inappropriate, a document which lists the portions of the deposition(s), including the specific page and line numbers, that will be read, or, in the event of a video-taped deposition, the portions of the deposition that will be played, designated specifically by counter-numbers.
5. Provide all other parties and the Court with any trial briefs and motions in limine, along with all proposed jury instructions, voir dire questions, and areas of inquiry for voir dire (or, if the trial is to the Court, with proposed findings of fact and conclusions of law).
6. Notify the Court and opposing counsel of the anticipated use of any evidence presentation equipment.

B. ONE WEEK BEFORE THE FINAL PRETRIAL CONFERENCE, the parties shall:

1. Notify opposing counsel in writing of any objections to the proposed exhibits. If the parties desire a ruling on the objection prior to trial, a motion should be filed noting the objection and a description and designation of the exhibit, the basis of the objection, and the legal authorities supporting the objection.
2. If a party has an objection to the deposition summary or to a designated portion of a deposition that will be offered at trial, or if a party intends to offer additional portions at trial in response to the opponent's designation, and the parties desire a ruling on the objection prior to trial, the party shall submit the objections and counter summaries or designations to the Court in writing. Any objections shall be made in the same manner as for

proposed exhibits. However, in the case of objections to video-taped depositions, the objections shall be brought to the Court's immediate attention to allow adequate time for editing of the deposition prior to trial.

- 3. File objections to any motions in limine, proposed instructions, and voir dire questions submitted by the opposing parties.
- 4. Notify the Court and opposing counsel of requests for separation of witnesses at trial.
