CRASH REPORTS

Select Language: English

FIND A CRASH REPORT

Buycrash.com is a revolutionary approach to making collision reports available to the public. Buycrash.com takes information sharing out of the file cabinet and into the digital age. Through an internet connection, anyone can search public records and obtain copies of crash reports.

IS YOUR AGENCY CONTRIBUTING?

Safer States

Buycrash.com improves the timeliness and accuracy of electronically collected and submitted accident information. This dramatically increases the ability of public safety professionals at the local, state and federal levels to make crucial decisions that positively affect grant funding, road improvements and enforcement programs.

Cost Savings

Agencies that contribute crash reports and make them available through www.Buycrash.com see a tremendous annual cost savings for themselves and taxpayers. This savings is realized through reduced paper printing, processing, postage, storage and retrieval costs.

Start Contributing

Interested in talking to one of our representatives about how your agency can start taking advantage of electronic reporting of crash data? Click the button below and take the first step.
