COVID-19 Pandemic

INFORMATION ON COVID-19 CASE INVESTIGATION & CONTACT TRACING:

When an Allen County resident tests positive for COVID-19 or is identified as a high-risk contact, our Department and/or the Indiana State Department of Health will reach out. We encourage everyone to respond to a text or e-mail asking you to complete a questionnaire or a voicemail asking you to return a call regarding a COVID-19 test result or contact. Timely case investigations and contact tracing – and the actions requested of contacts – helps minimize the spread of COVID-19 and prevent outbreaks!

[About Us](#) [Get Informed](#) [Get Tested](#) [Get Vaccinated](#) [Get Licensed](#) [Get Records](#)

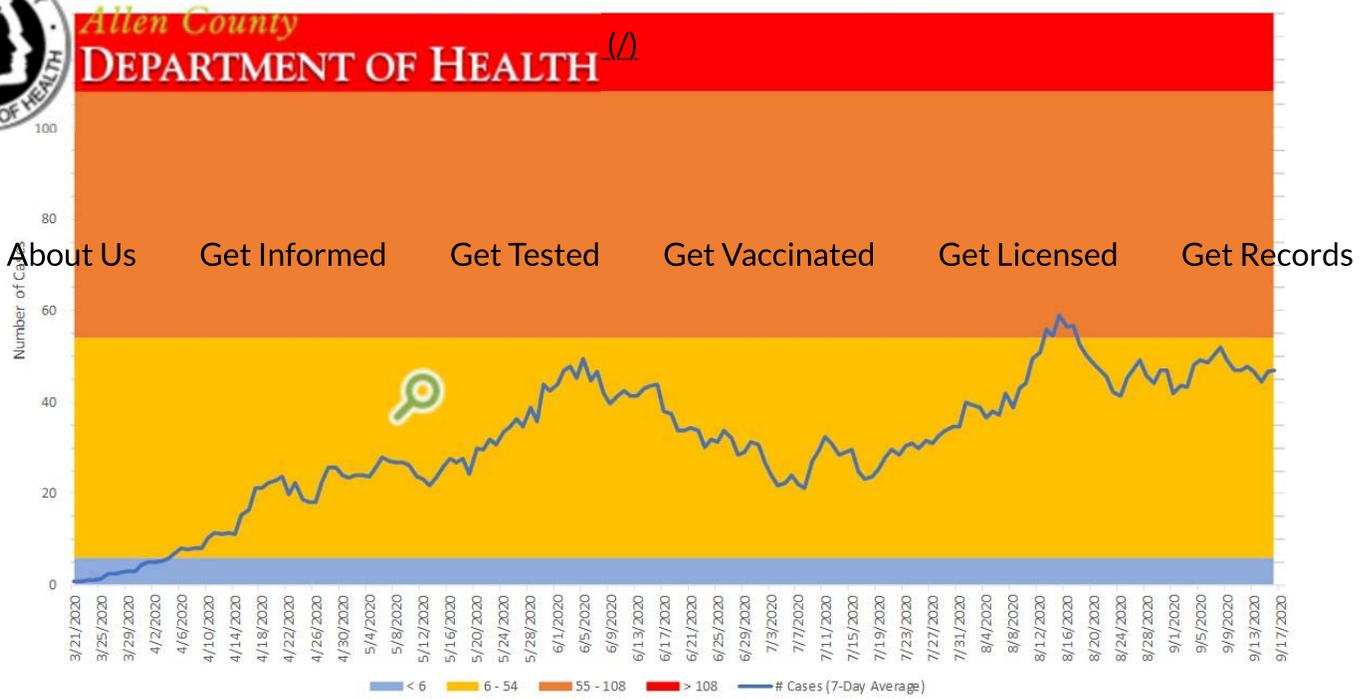

The color-coded levels above are presented as a framework for better understanding the spread of COVID-19 in our community. The metrics were developed from the [Harvard Global Health Institute Key Metrics for COVID suppression \(https://globalhealth.harvard.edu/key-metrics-for-covid-suppression-researchers-and-public-health-experts-unite-to-bring-clarity-to-key-metrics-guiding-coronavirus-response/\)](https://globalhealth.harvard.edu/key-metrics-for-covid-suppression-researchers-and-public-health-experts-unite-to-bring-clarity-to-key-metrics-guiding-coronavirus-response/), and calculations are based on an Allen County population size of 380,000. [Click here for more details on what each color represents.](#)

Community Advisory Group

The Allen County Department of Health hosted a collaborative, cross-sector meeting with community leaders to discuss preparedness surrounding the emerging novel coronavirus COVID-19. More than 180 representatives from local businesses, social service agencies, foundations, first responders, schools, government agencies and healthcare among others joined this Pandemic Advisory Group Meeting at the Allen County War Memorial Coliseum March 4. The Allen County Department of Health and other healthcare experts provided a situation update on the novel coronavirus COVID-19 and discussed with community leaders how to minimize potential negative health, safety and economic impacts of a possible pandemic. Resources from the meeting are linked below.
