About the IPAC

The IPAC is a non-partisan, independent state judicial branch agency and was created by statute in 1973. It is made up of Indiana's 91 prosecuting attorneys and their chief deputies and governed by a 10 member Board of Directors chosen from among the state's prosecuting attorneys.

The IPAC assists prosecuting attorneys by preparing manuals, providing legal research, and conducting training seminars. It serves as a liaison to local, state, and federal agencies, study commissions, and community groups in an effort to support law enforcement and promote the fair administration of justice.

Criminal Case Initiation through E-filing - Mandatory March 1, 2019

The INPCMS offers two ways to initiate criminal cases. Data can be sent and data received back (partial initial e-filing) or data can be exchanged and documents filed (full initial e-filing).

The Indiana Supreme Court has decided to require that criminal cases be fully initiated by e-filing. On March 1,

2019, in those counties where e-filing is mandatory for subsequent documents, the requirement will also be to fully initiate the case through e-filing.

In those counties where e-filing will be implemented after March 1, full initial e-filing will be required at the conclusion of the voluntary period.

Please contact the IPAC or the INPCMS vendor for further assistance.

Lexis Advance

New prosecutors and deputies can obtain Lexis Advance accounts through the IPAC by contacting our office at (317) 232-1836.
