The FDIC's Compliance Examination Manual (Manual) is revised on an on-going basis as rules, regulations, policies and procedures change. The most recent revision date for each section is indicated here on the website as well as in the footer of each page.

This printable (PDF) version is designed to be printed on two sides and on three-hole punched paper. Each holder of the Manual will be responsible for printing and updating their own hard copy which will allow for more timely updates. Unless specified, each section is less than 250kb.
