## Governor Holcomb's Roadmap to Safely Reopen Indiana

Let's safely open Indiana's economy and remain vigilant about protecting our health and well-being. We start by applying all we've learned about taking precautions to protect ourselves and others against this virus as we build business, employee and consumer confidence. Ultimately, we will get back on track and create an even stronger Indiana.

## Our Principles To Get Back On Track

Governor Holcomb has used data to drive decisions since our first case of the novel coronavirus in early March. That will continue to be our practice as we contemplate a sector-by-sector reset.

## Our Back On Track Engine

To get Back On Track, Indiana must continue to stay ahead of COVID-19. To do this, we will employ a three-pronged approach to detect the virus through robust testing, trace identified cases to prevent its spread, and protect Hoosiers as they return to work and the economy by developing a steady supply line of personal protective equipment.

## Industry Guidelines

All Indiana businesses should take measures and institute safeguards to ensure a safe environment for their employees, customers, and clients. This includes any business that has remained open during the Stay at Home order, as well as those opening to employees and customers in the coming days and weeks. The safeguards below are based on the recommendations of the CDC and OSHA.

## Places of Worship

During this time of uncertainty, faith communities and religious leaders are working together to provide safe ways to serve and encourage their communities. This updated guidance provides recommendations as places of worship prepare a plan for services during the next stages of Indiana's reopening. The purpose of this guidance is not to restrict religious liberty, but to provide safe environments and save lives during these extraordinary times.
