Our mission is simple:

The Manuals, known as the Merck Manuals in the United States and Canada and MSD Manuals outside the United States and Canada, are one of the world's most widely used medical information resources. The Manuals have committed to [making the best current medical information accessible](#) by up to 3 billion health care professionals and patients on every continent by 2020.

We believe that health information is a universal right and that every person is entitled to accurate and accessible medical information. We have a responsibility to protect,

preserve and share the best current medical information to enable more informed decisions, enhance relationships between patients and professionals, and improve health care outcomes around the world.

That's why we are making the Merck Manuals and the MSD Manuals available for free in digital form in multiple languages to professionals and patients around the world.

Merck and the Merck Manuals

Merck and Co., Inc., Kenilworth, NJ, USA (known as MSD outside the US and Canada) is a global healthcare leader working to help the world be well. From developing new therapies that treat and prevent disease to helping people in need, we are committed to improving health and well-being around the world. The Manual was first published in 1899 as a service to the community. The legacy of this great resource continues as the Merck Manual in the US and Canada and the MSD Manual in the remainder of the world.
