## Company Overview

Cooper Industries plc (NYSE:CBE) is a diversified global manufacturer of electrical components and tools, with 2011 revenues of \$5.4 billion. Founded in 1833, Cooper's sustained success is attributable to a constant focus on innovation and evolving business practices, while maintaining the highest ethical standards and meeting customer needs. The Company has seven operating divisions with leading market share positions and world-class products and brands including Bussmann electrical and electronic fuses; Crouse-Hinds and CEAG explosion-proof electrical equipment; Halo and Metalux lighting fixtures; and Kyle and McGraw-Edison power systems products. With this broad range of products, Cooper is uniquely positioned for several long term growth trends including the global infrastructure build out, the need to improve the reliability and productivity of the Electric grid, the demand for higher energy-efficient products and the need for improved electrical safety. In 2011, sixty-two percent of total sales were to customers in the industrial and utility end-markets and forty percent of total sales were to customers outside the United States. Cooper has manufacturing facilities in 23 countries as of 2011. For more information, visit the divisions, products and markets sections of the company website.
