About RWDSU

The Retail, Wholesale and Department Store Union, UFCW, represents workers throughout much of the United States. RWDSU members work in a wide variety of occupations that range from food processing to retail to manufacturing to service and health care.

Poultry workers in the south, supermarket workers in New York, retail workers in the northeast, candy, juice, cereal and dairy workers in the Mid West, soft drink bottlers in New England, and government employees in New Jersey are among the many workers who have a strong voice on the job through the RWDSU.

Diversity is one of the strengths of our union. Members of the RWDSU may work in many different industries. We may come from different countries and speak different languages. But what unites us is the belief that by standing together we can better advance our interests and protect our rights as working people.
