### Failed Bank List

The FDIC is often appointed as receiver for failed banks. This page contains useful information for the customers and vendors of these banks. This includes information on the acquiring bank (if applicable), how your accounts and loans are affected, and how vendors can file claims against the receivership. [Failed Financial Institution Contact Search](#) displays point of contact information related to failed banks.

This list includes banks which have failed since October 1, 2000. To search for banks that failed prior to those on this page, visit this link: [Failures and Assistance Transactions](#)

[Failed Bank List](#) - CSV file (Updated on Mondays. Also opens in Excel - [Excel Help](#))
