The Bureau of Prisons (BOP) is carefully monitoring the spread of the COVID-19 virus. As with any type of emergency situation, we carefully assess how to best ensure the safety of staff, inmates and the public.

[BOP COVID-19 Modified Operations Plan](#)

BOP's Emergency Response

Every institution is like a small city and to cope with major emergencies or other significant interruptions of normal operations, they each have continuity of operations (COOP) plans that provide guidance to staff.

BOP's COVID-19 Response

In February 2020, the BOP's Public Health Service (PHS) staff were placed in operational dress uniforms to be ready to respond to COVID-19 incidents by the Assistant Secretary for Health.

BOP's COVID-19 Collaboration Efforts

BOP PHS Officers have been deployed for national travel-related screening at airports and NIC has been asked to share BOP-related guidance with state and local corrections.

Coronavirus.gov

The primary lane of information for the public regarding Coronavirus (COVID-19) is a portal for public information published by the Coronavirus (COVID-19) Task Force at the White House, working in conjunction with CDC, HHS and other agency stakeholders.

CDC.gov

The Centers for Disease Control and Prevention (CDC) has established a resource portal on [CDC.gov](https://www.cdc.gov) with the latest information from CDC and the overarching medical community on COVID-19.

USA.gov

COVID-19 Home Confinement Information

Given the surge in positive cases at select sites and in response to the Attorney General Barr's directives, the BOP began immediately reviewing all inmates who have COVID-19 risk factors, as described by the CDC, to determine which inmates are suitable for home confinement. Since the release of the [Attorney General's original memo](#) to the Bureau of Prisons on March 26, 2020 instructing us to prioritize home confinement as an appropriate response to the COVID-19 pandemic, the BOP has placed inmates on home confinement.
