Georgetown University is a clinical site for The George Washington University, Salisbury University and Shenandoah University athletic training students. Some Georgetown University team's athletic training services may be supported by these students. If you are interested in using Georgetown University for your practicum experience, or have any questions concerning athletic training student opportunities, please contact Shawn Hendi via email, [sjh56@georgetown.edu](mailto:sjh56@georgetown.edu).

Georgetown University Sports Medicine Department also has job opportunities for Georgetown University students. If you are interested in becoming a student worker, contact Cristina Nistler directly via email,
