Unpaid Toll?

IMPORTANT: There is no capability to search for your unpaid tolls by entering your license plate. You are responsible for reporting each toll you did not pay.

We understand that mistakes happen. At times, customers who pay cash may find themselves in an unattended toll plaza lane or in an I-PASS or Pay Online lane. If this happens, continue driving forward. Do not back up at any time--it is unsafe. Make note of your location by identifying the toll plaza name or number or the nearest milepost. You will be required to identify the unpaid toll location when submitting your payment. Be sure to go online or pay by mail within the 7-day grace period.

Payments can be made online or by mail, though online payment is recommended because it provides a record of transmission within the 7-day grace period.

If you experience problems in processing an online payment, you also have the option of [mailing your payment](#) for the unpaid toll.
