Who We Are

Mission & Vision

Nlets is the premiere interstate justice and public safety network in the nation for the exchange of law enforcement-, criminal justice-, and public safety-related information. To accomplish this, the Nlets system provides unrivalled reliability based on a network built to endure threats without impacting performance.

Nlets, is a private not for profit corporation owned by the States that was created more than 50 years ago by the 50 state law enforcement agencies. The user population is made up of all of the United States and its territories, all Federal agencies with a justice component, selected international agencies, and a variety of strategic partners that serve the law enforcement

community-cooperatively exchanging data.

The types of data being exchanged varies from motor vehicle and drivers' data, to Canadian and Interpol database located in Lyon France, to state criminal history records and driver license and corrections images.

Operations consist of more than 1.6 billion transactions a year to over 1 million PC, mobile and handheld devices in the U.S. and Canada at 45,000 user agencies and to 1.3 million individual users.

Mission

The mission of Nlets is to provide, within a secure environment, international justice telecommunications capability and information services that will benefit to the highest degree, the safety, security, and preservation of human life and the protection of property. Nlets will assist those national and international government agencies and other organizations with similar missions that enforce or aid in enforcing local, state or international laws or ordinances.

Vision

Our vision is to continue to be the premier provider of the network, system and services that will support and encourage a totally standardized, integrated, international justice system. Acting primarily as a network provider and, to the degree required, a data warehouse, Nlets will endeavor to serve every stratum of the justice and public safety communities.
