

Insurance Coverage

Illinois law requires most employers to provide workers' compensation insurance. The Employer Insurance Coverage Search web page provides information for

- 1) employers that have bought a wc insurance policy (based on the National Council on Compensation Insurance (NCCI) database); and
- 2) employers (parent companies and their subsidiaries) that have obtained IWCC approval to self-insure.

The database does not include Illinois employers that are in self-insurance pools, which are regulated by the Illinois Division of Insurance.

If you need help identifying an employer's coverage, call the IWCC Information Unit (toll-free within Illinois at 866/352-3033, or 312/814-6611), or email the [IWCC Insurance Compliance Division](#).

[Click here to search for an employer's insurance coverage.](#)

[Click here to read about a mobile app for this database.](#)

If you have trouble opening the Employer Insurance Coverage Search page, you may need to download a more recent version of your browser.

If the NCCI website is not working, [click here](#) to notify the NCCI.
