Fee Schedule and Order Page

We have established easy to order "flat-rate" services to simplify the process of getting a fast expert opinion on your documents, and keep your expenses predictable.

Because we have worked with hundreds of people over the years, we realize most of our clients will fit into one of the following 3 categories. We have labeled these categories: Bronze, Silver, or Gold. (Verbal, Written, or Both.)

If you have more than one questioned document (more than 2 documents with more than 1 signature in question) please call us to provide a customized quote for our services. We do our best to keep your cost down and within budget.

In most cases, the extent of the entire case and the cost can only be accurately ascertained after hearing about your situation and looking at the documents in question. We encourage everyone that is unsure how the process works, to click the "verbal opinion" and let us speak with you about your case after we have looked at the documents in question.
