## Welcome to the Asatru Alliance. Welcome Home.

In kindreds throughout the world , Asatru groups gather regularly to practice a rapidly growing religion that was practiced on a large scale in Europe before the coming of Christianity.

It's Asatru, which means " belief in the gods " in Old Norse, the language of ancient Scandanavia.

Asatru is thousands of years old. It's beginnings are lost in prehistory, but as an organized system, it is older by far than Christianity. Strictly speaking, since Asatru is the religion which springs from the specific spiritual beliefs of the Northern Europeans, it is as old as this branch of the human race, which came into being 40,000 years ago.

The Asatru Alliance is a family oriented association of independent kindreds that practice this ancient religion .

Long before Christianity came to northern Europe, the people there - our ancestors - had their own religions. One of these was Asatru.
