What Our Clients Are Saying

Latest News & Events

*I've been using DocLink from BMS since early 2011. It saves me time by having debtor documents readily available whenever I need them. The automatic reminder emails sent out through DocLink have greatly helped with the document submission compliance rate—ensuring that I get the documents in advance of a 341(a) meeting date."*

Rick Fogel, Chapter 7 Trustee - Chicago, IL

*TrustWorks has been a major help to me in my claims management. One of its best features is that it allows me to set different categories for claims. I can research a claim by case name or number within the categories I've established—and even by subset number. And the expanded notes section is particularly valuable, as it allows me to record and track the progress of each claim. TrustWorks definitely makes my work easier!"*
