## Gender Designation Change

Passports are valid for different lengths of time depending on where you are in your gender transition.

Status of Gender Transition	Validity of Passport
You have had appropriate clinical treatment*	10 years
You are in the process of getting appropriate clinical treatment	2 years

\*Your physician determines what appropriate clinical treatment is.

### Requirements

You must apply using [Form DS-11](#), unless you are replacing a limited-validity passport in your correct gender (see below). **In addition** to the regularly-required documents\*, submit the following:

- ID that resembles your current appearance
- Passport photo that resembles your current appearance
- A [medical certification](#) that indicates you are in the process of or have had appropriate clinical treatment for gender transition
- Proof of legal name change (if applicable)

\*See [Apply in Person](#) for all regularly-required passport documents.

### Medical Certification

A signed, original statement from a licensed physician must be on office letterhead and include:

- Physician's full name, address, and telephone number
- Medical license or certificate number
- Issuing state or other jurisdiction of medical license/certificate
- Language stating that:
  - He or she has a doctor/patient relationship with you
  - He or she has treated you or has reviewed and evaluated your medical history
  - You have had, or are in process of having, appropriate clinical treatment for transition to the updated gender (male or female)
- The statement must include, "I declare under penalty of perjury under the laws of the United States that the forgoing is true and correct."

### Replacing a Limited-Validity Passport

You may have received a limited-validity passport because your gender transition was still in process. To replace a limited-validity passport for a full validity passport, submit [Form DS-5504](#) (at no additional cost). To use this form, you must apply within two years of your previous passport's issue date.

Submit the following:

- Your limited passport book
- Passport photo that resembles your current appearance
- A [medical certification](#) indicating you have had appropriate clinical treatment for gender transition

Description of specific treatments is not required. The certification from your physician is based on his or her judgment of your treatment needs. This is in accordance with standards and recommendations of the World Professional Association for Transgender Health ([WPATH](#)), recognized as the authority in this field by the American Medical Association ([AMA](#)).
