Welcome to Milwaukee Career College

Dental Assistant, Medical Assistant, Surgical Technology and Veterinary Training Programs

Milwaukee Career College has been changing the lives of our students through our career training programs since 2002!

MCC is a career school focused on one thing: providing a high-quality education in the [Dental](#), [Medical](#) and [Veterinary](#) fields that enable our graduates to acquire career skills that really work.

Our efficient, career-focused training programs can develop your marketable skills in months, not years.

Milwaukee Career College features flexible class hours to fit the schedules of busy individuals. MCC supports students throughout the learning process with personalized career advising and job placement assistance for graduates.

MCC also sponsors local outreach activities so students can enrich their classroom experience by engaging with the community.

Call us today at (800) 645-5157 to learn more about training for a new career!

A FEW OF OUR EMPLOYERS

Milwaukee Career College's Veterinary Technology Program has received Initial accreditation status from the AVMA CVTEA.

OUR REVIEWS

Amanda Krebs

While I was a student at MCC I had an amazing time. All the teachers took the time to get to know their students, even Dr. Cybela. I was able to learn hands on in the career, and Mcc helped me find a Job in the field I studied. This is a great school, and I am glad I was a student.
