## **UNION RATS - RAT PACK - UNION BALLOONS**

**Big Sky Balloons and Searchlights**, the creator of "Scabby The Rat"™ was originally designed for a Chicago Union in 1990. These rats have multiplied and are found thriving throughout the U.S.A. They can be found anywhere from the streets of New York to the Strip of Las Vegas and along the wharfs of the West Coast. Our rats have been seen from the front page of the Wall Street Journal to the New Yorker Magazine and the New York Times. They have been in hundreds of newspaper articles and even appeared on several T.V. shows such as the Soprano's, Blue Bloods and The Good Wife.
