

AC Diagnostics, Inc.

We Believe in Diagnostics !

Products

Our Mission: To be a leading provider of quality diagnostic products at affordable prices to worldwide customers. To be a leader in development of modern diagnostic technologies and devices for disease diagnosis.

[Immunocapture PCR Kits](#)

Testing services

Your Satisfaction is Our Goal!

Our Products and Services: Diagnostic kits and reagents for detection of more than **300 Plant Pathogens**.

[Nano Products](#)

Supplies

We also provide [Testing Services](#) and [Contract Research](#).

Our New Division - Nano Diagnostics: High quality [Gold colloidal nanoparticles](#) and Fluorescent nanocrystals for life science and biomedical applications.

New Tests: [TYLCV](#), [Ralstonia Solanacearum \(Rs\)](#), [Acidovorax Avenae subsp. Citrilli \(Aac\)](#)

Contract Research

Our Technologies and Technology Development: Serological assays, immunocapture PCR, real-time PCR, biosensors, micro/macroarrays, lateral-flow, nucleic acid sequence-based amplification (NASBA), nanotechnology, and nucleotide probe-capture, bio-capture and nanoparticle-separation of pathogens.

Company Profiles

Current News:

* [Nano Products](#)

[International Distributors](#)

Technical Files

* [Polyethylene Glycol \(PEG\) Reagents](#)

New test for [Phakopsora \(Phak\)](#), [Phakopsora pachyrhizi \(Ppac\)](#)

Product Catalog

* [Monofunctionalized PEGs \(mPEG\)](#), [Homobifunctionalized PEGs](#)

Reference

* [Immunocapture PCR Kits](#)

New Tests Developed: [AnFBY](#), [CVMV](#), [NeRNV](#), [TMGMV](#)

* [Tests for Veterinary Disease](#)

* [Food Safety Tests](#)

* [New Tests for Bacteria and Fungi](#)

* [LMV Test for Lettuce Seeds](#), [BSMV Test for Seeds](#), [Sensitive CTV Test](#)

The American Phytopathological Society (APS) is an international professional organization dedicated to the study and control of plant diseases.
