Statistics

All the details of the 7 summiteers

NEW: Below is the preliminary new 2016 list.

We are changing the statistics to a new system. For now we only publish only the updated combined 7summits list here (climbers who finished either with Carstensz, Kosciuszko or both).

Are you missing from the list? Please contact us at info @ 7summits.com with the following info:

What we need to add you to the lists is:

- Full names
- Gender
- Nationality
- Date of Birth

Per summit:

- Date of summiting
- route, other important details (no oxygen etc)
- team/teammates/guides
- Summit picture or reason why there isn't any! (you have already supplied these, thanks!)

Please be very clear with dates; i.e. if you write 1/3/00, we don't know if you mean 3rd of January (US) or 1st March (rest of the world). Please write the month's name, i.e. 3-Jan-2000 etc.

Please add any personal bio/info you want to share, as well as your blog URL's etc.

Please add summit or some other photos as well, these could be shared on [7summits.com](#).

We are currently working on a huge update of the lists (as well as on a totally new 7summits site), so it will take a while before the new stats are live, but you will already be provisionally added to our master list. Due to travel, next online update will be early August.

(As all of this is -al lot of- voluntary and unpaid work, any donation (paypal to bookings@7summits.com) would be more than appreciated and will speed up the process.)

(* = Carstensz Pyramid; "f" = female)
