

THE SCIENCE OF THRILL

THERE IS THAT MOMENT WHEN IT ALL PAYS OFF.

When you take yourself completely by surprise. It's usually an all or nothing moment. In a heartbeat you weigh up... throw caution to the wind... and commit.

In a heartbeat. When it doesn't work, it's sore. To body, bike and ego. But when it does, it's glorious. It's why you do this. Total euphoria. At this moment you are truly invincible and nothing else matters. Every cell in your body screams with delight, adrenalin sparkles through your body and you are momentarily free from every earthly trapping known to man.

WHAT OUR ATHLETES SAY

I came off the bike in the opposite direction and smashed head first straight into a thick tree On the 6th of July 2014, I was involved in a mountain biking accident that resulted in me suffering from a broken back in three places. As I began my race run in Beerburrum, Queensland, I felt...
