## Welcome

### Welcome to the Fort Wayne International Airport!

We're taking our commitment to improving your travel experiences to a whole new altitude. At FWA, we value you and your time. That's why you'll find perks here that you won't find at big city airports.

Customer Service Agents offer complimentary service to assist you with your luggage or offer you a shuttle ride to and from the airport parking lots. There are short lines at the ticket counters AND at security screening. Hospitality Hosts welcome you back to Fort Wayne with a fresh-baked cookie when you return from your trip.

### Tell us about your experience at Fort Wayne International Airport.

**Tell Us!**

Tell us about your arrival or departure experience. Tell us about an experience picking up or dropping off a passenger. Tell us about our facilities. Tell us!

Arrivals, Departures, Track Flights

### Check In Reminder

All passengers need to check in at the applicable Airport Ticket Counter prior to proceeding to Security Check In. It is recommended that passengers be at the airport for check-in 75 minutes prior to flight departure time, particularly for the morning flights when all airlines have departures- between 5:30 AM and 8:00 AM.

The airlines have instituted a "30-minutes prior to flight" cut-off for passengers and baggage. If you are not checked in prior to the cut-off, you and/or your luggage may not be permitted to board the plane.

### Air Service Luncheon

The third annual Air Services Luncheon was held at The Chamber on Sept. 28 and featured a presentation by Bill Swelbar from MIT. To see

his presentation, [Airline Industry Structural Changes](#)

**TRAVELERS TIPS**

Many airlines have instituted a 30 minute prior to flight baggage cut-off. Make sure to have your baggage checked in prior to then or it may not make the trip with you!

Questions about traveling and the Swine Flu? Current

information about the Swine Flu virus can be found at the Centers for Disease Control website at [www.cdc.gov/swineflu](http://www.cdc.gov/swineflu).
