Data Alert: Due to retroactive effective dates of certain Affordable Care Act provisions and CMS Pricer program adjustments, a portion of 2009 Medicare inpatient and outpatient fee-for-service claims will be reprocessed. The 2009 adjusted claims are expected through December 2011 with final action reprocessing of claims anticipated for early-mid 2012. Therefore, the 2009 Medicare utilization and expenditure data that appear in the 2010 Data Compendium are subject to revision through 2012. Revised tables will be posted as claims data are finalized.

To view the online 2010 edition of selected tables of the Data Compendium, please see the chapter links in the Downloads section below.
