

The banner features a dark background with a truck bed liner being sprayed. The Tandem Polymers logo is in the top left, and the SprayLiner logo is in the top right. Navigation buttons for Home, Products & Services, FAQ's, About Us, and Contact Us are in the center. The text 'Advanced Spray Elastomer Technology' is prominently displayed in the middle, and 'Tough as...' is at the bottom.

Advanced Spray Elastomer Technology

Tough as...

Why Choose Tandem Polymers?

PROVEN PERFORMANCE

Our spray elastomer systems are industry proven, and are the most advanced, consistent, and reliable formulations on the market today

INNOVATIVE TECHNOLOGY

We design our products to meet the most demanding real world applications for commercial, industrial, and bed liner applications. Tandem offers unique formulations not available from any other supplier

CONSISTENT HIGH QUALITY

All of our systems receive the same close attention to quality and consistency. The product you receive today will meet our high standards on every order in the future , guaranteed

COMPETITIVE PRICING

Tandem Polymers will be competitive with any other supplier's lowest pricing! We keep our costs low and pass the savings on to the customer

CREDIBILITY/FREEDOM

Our most important advantage is our credibility. We can't do everything, but we will always do what we commit to do, and you can rely on that. Also, we will never ask for dealer or franchise fees, set minimum purchase quotas, or place restrictions of any kind on how you operate you own business, and yet we have a wealth of resources available to help you build your business.
