It will walk you through the beginning documents set-up; show you how to file your UCC-1 to become the Secured Party/ Creditor and how to charge back to the Secretary of Treasury your birth certificate to 'charge-up' your UCC Contract Trust Account with simple forms and instructions. You will also be shown how to 'do your own' Security Agreement, Power of Attorney, Copyright Notice, Hold-Harmless Agreement, UCC-1 and UCC-3 to take back control of your, 'Debtor/'Straw-man' and all of the collateral and property. I personally just used the Redemption Manual in family case and it was extremely helpful! I am a strong believer in this movement to restore the republic! I work for the government and I am telling everyone I work with. Trust me there are many of us that are awake and this tyranny will end. Just keep talking and telling others! Peace and Love will prevail!!!!!!!!!!!!!! I love this feeling of empowerment!!!!

Man, if this book doesn't open your eyes, I don;t know what else will. Once you realize the power that you have that you have never claimed all alone, your whole perspective will change. It has certainly changed my life and now I am putting the lessons taught in this book to use in an amazing way. Sometimes, things you find out in life can be so bizzare, that you can't help to know deep deep down that it is the truth.
